

Connected Everything Conference 2019

“Designing a Connected Future”

CALL FOR POSTER ABSTRACTS

Funded through the EPSRC Manufacturing the Future challenge theme, Connected Everything: Industrial Systems in the Digital Age aims to identify the key challenges we face as digital technologies transform our industrial systems and to highlight related research excellence. It is creating and supporting new collaborations between academics from diverse discipline areas to address these challenges. It provides a forum for discussion and knowledge exchange, as well as funding for risky early-stage research projects in partnership with industry.

Following the success of our 2018 Conference held at Newcastle University, we are pleased to announce that this year’s conference will be held at **the Jubilee Conference Centre, University of Nottingham**, on **Tuesday 25 and Wednesday 26 June 2019**.

The Conference Organising Committee is delighted to invite submission of abstracts for poster presentations. Submissions should be made via <https://easychair.org/conferences/?conf=ce20190>

Organising Committee

General Chair
Professor Sarah Sharples
(University of Nottingham)

Organising Committee Chair Moira Petrie
(Network Plus Manager)

Programme Chair
Dr Nik Watson
(University of Nottingham)

Organising Committee Members

Dr Claire Woolley
(University of Nottingham)

Kirstie Dane
(University of Nottingham)

Nigel Rix
(Knowledge Transfer Network)

Key conference themes

- Service Design and Customisation
- Design for Future Manufacturing
- Regulations and Standards
- Data Analysis and Decision making
- Industrial Internet of Things
- Creativity and Product Design
- Cyber-Physical Production Systems
- The Future Industrial Worker

Whilst these can be used as a guide, this is not an exclusive list and interesting contributions from other related areas are also welcome.

Key dates

ACTIVITY	DATE
Call for abstracts for poster presentations opens	30 January 2019
Closing date for abstract submission	08 May 2019
Notification of outcome of abstract review process	22 May 2019
Deadline for receipt of posters	14 June 2019
Conference	25-26 June 2019
